

Analytical research forum (ARF 24)

18 June 2024 | London, UK

Sponsorship menu

The Analytical Research Forum (ARF) is the flagship event of the **RSC Analytical Science Community**. ARF provides opportunities for PhD students and early career researchers to present their work alongside high-profile analytical scientists.

The event will be hosted at Burlington House, London with all keynote and invited talks livestreamed on the day, offering the opportunity to the online audience to interact. The poster session will be hosted in person only. The event will showcase the latest analytical

science from leading researchers across a broad range of techniques and application areas, enabling collaboration between academia and industry.

Join the delegates for networking and collaborative discussion, engage with early career analytical scientists alongside high-profile chemists, promoting your company to the scientific community in a hybrid environment.

Approx. delegate numbers: 60–80
